# Your French Home Away From Home

Learning at School Was Nothing Like This!

L'Ecole des Trois Ponts in Riorges, Grand Roanne, offers guests the chance to perfect their French language skills in style. The quickest and most effective way to learn French is to go to France and speak nothing else. Living and studying in the Villa, guests advance quickly, taking meals with the teachers and other guests, with time to visit the attractions of the region and practice conversing with local residents.

With a capacity of 18 guests, the school specializes in week-long French language courses and French cooking courses. Accommodations, classes, and meals are provided on site at the Villa Beaulieu. Breakfast and lunch are buffet style, while dinner is a traditional French 4-course meal with wine and a daily cheese commentary.

Situated next to Roanne, a city famous for gastronomy, and near the city of Lyon in SE France, Riorges is close to the Burgundy and Beaujolais wine areas. Take a stroll to nearby shops and restaurants or enjoy the walking and bike paths which wind through our local parks. Local artisans specialize in textiles, faience pottery, chocolates, pastries, and foodstuffs.
